

This term we will be doing activities each week to highlight UNICEF (UN Rights of a child) and its importance, this will also be part of our Rights Respecting Schools Award evidence.

The activities will cover things like:

Videos

Work sheets

Questions and answer sessions

Poster design

Bottle design (prizes to be given for the best design)

There will also be a fundraising morning on Friday ^{22nd} March 2024, for World Water day linked to Right 24 Health, water, food, environment, where the proceeds will go to UNICEF.

We would like to replace soft drinks with water that day and donate the price of one soft drink to charity. We would like to raise £56.00 which could buy 20,000 water purification tablets to provide safe drinking water.

All students are invited to wear Blue for this event.
